RESEARCH

1. **Monthly Brief:** Each month, the Center disseminates a monthly brief, which is a collation of global news stories and opinions with respect to its focus work areas: Trade, Strategic Issues, Energy and Climate, Geo-Politics and Geo-Economics, in the context of Indo-U.S. relations, Indo-Pacific and QUAD with an ‘Editor’s Note’ on a trending and critical issue of the month. 2. **IPCSF:** The Indo-Pacific region has become a central feature of any discussion on international relations. Countries within and beyond the Indo-Pacific region have realised its strategic importance in global geopolitics. Working with like-minded countries, India and the United States have led efforts to shed historical hesitations and initiate a fresh discourse around the need for a free, open, and inclusive Indo-Pacific region. A coalition of CSOs in the Indo-Pacific region, connecting well-established CSOs across participating countries with each other, will serve as an important platform for such collaboration.
